Choosing Your FINANCIAL INSTITUTION

- IT'S A

types of financial institutions that you're most likely to deal with are banks and credit unions. They offer essentially the same products and services, including savings and checking accounts, credit cards, auto loans, mortgages and investment products, but their values and motivations are very different.

CREDIT UNION

• Not for profit—excess earnings are distributed to credit union members

· Member-owned financial co-operative

- in the form of profit-sharing, lower loan rates or higher yields on savings • Run by a volunteer board of directors who are elected by fellow credit union
 - members · Members can vote on how their credit union is run
- Membership eligibility requirements vary; make sure you check with your local credit union

institution—not owned by bank customers

• For profit—profits not shared with bank customers · Run by paid board of directors,

Shareholder-owned financial

- not necessarily bank customers · Customers have no say in how their bank is run
- customer
- **PIGGY BANK**

• No costs, earnings or profits · Limited features and security

· Susceptible to dust and

· Owned by you
